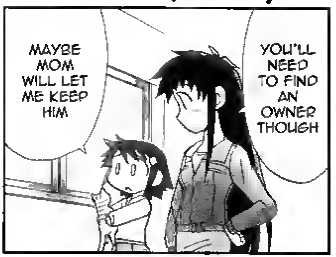
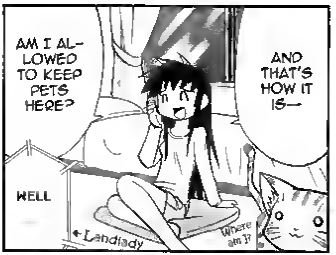
It's Fine, Really



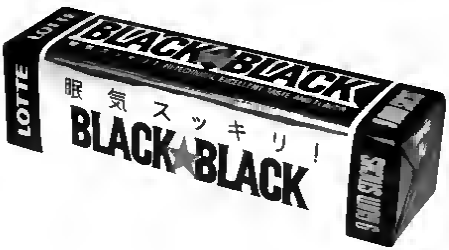


YAY TO EXPLANATION PAGE THAT NO ONE WILL EVEN READ ANYWAY

Anyway this page will just explain some jokes that might be hard to understand....

Black Black is the name of a famous gum... But nope, this one doesn't mean that I think. In Japan, the famous word for a woman that steal another woman's husband/boyfriend is called a "Thieving Cat" so I think the title is Black Black because Chitose's mom's mood became "black" for remembering the memories of finding out that Chitose's dad was cheating.

For the other one, cat that doesn't smoke, the landlady thought she meant "cat" while it's actually her boyfriend...
All wrong though because it literally means cat. Poor sensei.



The picture of the gum.

It is said that it prevents you from being drowsy.

I ate it before.
No effect.
Tasty though
